### LETTER OF GRATITUDE

To,

Head of the department,

Annasaheb Dange College of Engineering and Technology

Dear Sir,

It was a privilege to have Mr. Kapil Lalit from your college, as the trainer for the REMOT session in our school from August to December 2019. REMOT is an acronym given to Relevance of Emotional Management skills Optimization for Teachers. Under this project we conducted training sessions for the school staff about skills required for REBT [Rational Emotion Behavioural Therapy].

He offered two hours a week for 10 weeks to make our team more competent and aware. This will help teachers to resolve emotional and behavioural disturbances and lead happier and more fulfilling lives. Ultimately students and society at large will benefit from this learning.

We are truly grateful to you for collaborating with us !

Regards

*Nikita Bhate*
